

Volunteer Meeting

4.6.21

Hiring Update

- Long-term plan was to eventually hire new staff for Creation Kids, but was delayed by COVID.
- The Lord is expanding and providing & we feel this is the time to begin searching for new leadership (hopefully new director for Sunday Morning) in Creation Kids so this ministry can receive proper attention & dedication as we grow.
- We're prayerfully beginning the search and looking for the best fit and someone who will build upon our foundation. We'll see who God brings and how He guides our path.
- No real deadline, hopeful by summer.
- Any hopes & desires as we look for new leadership? Questions? We want you to be informed, and are excited for the future. We covet your prayers during this process.

Sunday Morning Programming

- What is working well?
- What could use improvement?
- How can we be better meet the needs of our varied aged kiddos, and our growing number of attendees?
- Ways I can better support/equip you for Sunday mornings?
- OUTSIDE: teachers at meeting suggested a change to structure to implement two small group times for older/younger. While younger kids are in crafts, older kids will have small group discussion about Bible Story, then kids will switch. Activities, games, or snack will be needed for younger kids during their small group time. Also, teachers suggested sticking to 5-6 songs for music and rotating them each week.
- TURTLES: Teachers at meeting suggested creating a "look what we learned/did today" sticker to put on child as they leave so parents know what they did and can talk about it at home.

Safety Updates

- **Surveillance cameras are now installed in classrooms**
- **Count kids**
- **Radio Checks**
- **Allergy checks**
- Teachers noted that we need to ensure classroom doors are closed during check-out so kids don't escape or parents try to pick up through those doors.

VBS Updates

- **Aug 2-5/6**
- **9:00am-12:00pm**
- **Concrete & Cranes**
- **Need lots of volunteers and planning help!**
- **Volunteer Sign-Up coming SOON!**
